

We have four distinctive styles of masks: Tusa Intega M2004, Tusa Freedom Ceos M212, Tusa Splendive & Pro Dive.

## TUSA INTEGA (M2004) - \$240 (mask only)

**Intega** **NEW**

Intega M2004

**3D SYNQ Technology** - with years of research, TUSA has developed a mask skirt that adapts to your face!

OG

**Internal Volume:** 175 cc  
**Frame Dimension:** 79 mm × 161 mm  
**Fitting Dimension:** 13.5 mm × 133 mm  
**Weight:** 205 grams

### 3D SYNQ

A unique Fitting Ring built into the Mask Skirt providing an ideal fit for all face shapes.

### Swift Buckle 3D

A new low-profile buckle and mask strap for smooth effortless adjustments.

### Freedom Technology (Freedom Dry)

Enhances comfort and fit by utilizing a revolutionary low friction skirt surface.

### 3D Mask Strap

TUSA's unique 3D design contours to the shape of your head.

### Corrective Lens

Lenses in a variety of diopters to match your prescription.

### Round Edge Skirt

Round edge skirt improves both seal and comfort of the mask.

### 20% Wider Visibility & Low Volume Design

Intega Mask boasts 20% wider field of view than other TUSA masks due to its unique position of the mask lens placement and low volume design.

TUSA Intega Mask

### Swift Buckle 3D

TUSA has designed the perfect buckle and mask strap. The NEW low profile buckle is slim and light weight. The easy adjustment buckle and strap is silent and effortless when making adjustments.

### New Mask Case

- Eco-Friendly
- Made from recycled material

**TUSA has developed a unique Fitting Ring built into the Mask Skirt. This technology enables the Mask Skirt to mold to all face shapes providing the perfect fit, seal, and underwater experience.**

### Sync to Head Sizes

Sync to different head sizes by pulling directly on the 'fitting ring'.

### Sync to Facial Shapes

Sync to different head sizes by pulling directly on the 'fitting ring'.
