### 3D SYNQ

A unique Fitting Ring built into the Mask Skirt providing an ideal fit for all face shapes.

### Swift Buckle 3D

A new low-profile buckle and mask strap for smooth effortless adjustments.

### Freedom Technology (Freedom Dry)

Enhances comfort and fit by utilizing a revolutionary low friction skirt surface.

### 3D Mask Strap

TUSA's unique 3D design contours to the shape of your head.

### Corrective Lens

Lenses in a variety of diopters to match your prescription.

### Round Edge Skirt

Round edge skirt improves both seal and comfort of the mask.

### 20% Wider Visibility & Low Volume Design

Intega Mask boasts 20% wider field of view than other TUSA masks due to its unique position of the mask lens placement and low volume design.
